Company Overview

Gulf Coast Aviation Services LLC (GCAS) is an FAA Part 145 Certified Repair Station (1F0R606D) located in Willis, TX. Established in 2018, GCAS is a woman-owned, veteran operated business leveraging over 70 years of combined management experience in the aviation industry. We provide a comprehensive range of aviation services tailored to the needs of commercial airlines, private aviation operators, and government entities. Our commitment to quality, safety, and efficiency ensures unmatched client satisfaction.

Core Competencies

Aircraft and Component Repair:

- Comprehensive repair services for aircraft and components, ensuring airworthiness.
- Expertise in both minor and major repairs.

Precision Machining and Fabrication:

- Custom machining and fabrication services tailored to client specifications.
- Advanced CNC machinery, 3D-printed solutions, and precision tools for exceptional results.

Ground Support Equipment (GSE) Repair:

- Maintenance and repair for hydraulic, mechanical, and electrical systems in GSE.
- Expertise in restoring functionality to all types of GSE.

Aviation Tooling Repair and Fabrication:

- Custom fabrication and repair of aviation tools for operational readiness.
- Precision calibration and certification services.

Galley Equipment Repair:

- Maintenance and repair of aircraft galley equipment, including ovens, coffee makers, and refrigeration units.
- Ensures safety, functionality, and compliance.

Crew and Passenger Seat Repair:

- Repair and refurbishment of aircraft seating for crew and passengers.
- Adherence to FAA regulations and OEM specifications.

Painting:

- Professional painting services for aircraft components, meeting aesthetic and regulatory standards.
 - Use of durable, high-quality coatings.
-

Differentiators

- **FAA Part 145 Certification:** Assurance of compliance with the highest safety and quality standards.
 - **Experienced Management Team:** Over 70 years of combined aviation expertise.
 - **Comprehensive Service Offering:** A wide range of specialized aviation services under one roof.
 - **Customer-Centric Approach:** Tailored solutions to meet each client's unique needs.
 - **Diversity:** Woman-owned business, contributing to diversity initiatives and government contracting goals.
-

Past Performance

- Successfully completed numerous contracts for major airlines, private aviation operators, and government entities.
 - Proven record of delivering high-quality repair and maintenance services on time and within budget.
 - Positive feedback and repeat business from satisfied clients.
-
